Doesn't everyone now know that Soah, the previous bride of Habaek, has been returned?
It is times like this, that we have to sacrifice a new bride, or the village will have troubles ahead.

Shojo Manhwa Scans
We adults will settle these affairs. Children should be good and stay home.
We mortals are not the ones who choose the bride for Haback
Only Haback himself can decide who he wants, it is not for you to have a say in this, either.
Even this child knows that we sacrificed a girl bought by money as a fake bride

Don't say that so carelessly!
If we need a bride, there's not to worry . There's that man...
He sold his daughter once, and he's likely to do it again.
It was our only option at that time, for the sake of our village
If we could we would avoid sacrificing any girls at all.
Again...so you're saying, make Soah a bride again?

Story Meanwhile
No! Hasn't Soah been chased out of the water country already!
Then... who are you referring to?
That family doesn't only have one daughter, you know

Do you still remember, Mui?
That time in the Water Country, when you let me admire the Milky Way from the sky-boat.

It was the first time I saw anything so beautiful... I was exhilarated
Watching the Milky Way from the sky, watching from Water Country,
Or watching from here, all of them are equally as beautiful
Aren't you getting a little confident here? What if it is not love but merely sympathy?
But.. when have you started liking me?

Shoto Manduva Scene
Well, the truth is... I don't remember anymore
When did we start liking each other?
Maybe it was when we first met in the Water Country, or even before that...
Because I too have unconsciously started to take notice of your every move
Now is not the time for us to chat leisurely, we must be more cautious, I have a feeling that my mother is watching you.
What do you mean...? Why do you suddenly think that?
I don't know why, but the tiger from that time was obviously Mother's doing
And my wound healing so suddenly... was also probably because she did something about it

Shoji Manjiro Kaori
I must get my powers back from the Fortune Goddess
Also we must find the other Divine Peach that Mura has hidden away
Mother, cannot do anything anymore as long as you eat it
I won't let you cry again, Soah
Don't cry
I will not know what to do if you cry.

Shojo Manhwa Scans
That time when we were watching the Milky Way I was exhilarated not because of the beauty of the scenery but because you were by my side
Now as well I'm excited by just being with you Now that I think of it it was that time when I started liking you...

On the 15th day I must send you away; But I will forget everything that happened and dream a new dream where
You and I are not God and mortal, just a normal couple that
Got married said the usual wedding vows
Had a child that looks exactly like you, and me embroidering a lotus flower and a piece of silk for you.

Milady–
Lady Woo-Hui-
Soah's father has arrived, but what do you have to do with that bastard?
Don't worry, I just need him to do something for me. You are excused.

I heard you have a request for me--
I don't possess anything, neither do I have any talents, I do not know how can I be of service to you, Milady?
For the sake of the village, there is something only you can and must do
Ah, is it about that little wretch Soah? Don't worry I'll bring her home as soon as I can.
If you would be so kind as to provide a small fee... I know I'm not doing much, but it's for my family; it won't be much.
No .. What's this? Milady?

With this much; I'll do anything you say, just say it.
We need a new girl to be a bride to Habaek, but there are no more suitable young girls in the village... and I heard Soah has a younger sister...
I suppose you do understand what I'm trying to imply?

I'm not fooling around, I really will kill you.

I am the God of Life, snapping a wing or two would not kill me
Even if they were torn off they will regenerate
Please let me pass; If it is for the sake of your sons, letting me go isn't a problem
If you were truly serious about killing me, I would've been dead a long time ago
If you have already seen the future, then you know that you can't stop me

But for Your sake.—

You must go to the moon door and open it.
Really, around those who do not know anything... your entire country is one of water.

No... the door to the moon isn't closed.
You need not worry, I have no intention of going to the moon.

Your skills make my mother shiver, you abomination.
Did you forget? I interpret everything.
It's thanks to those skills that I can see the future
As long as we can see into the heart, my mother can see the future as well.
Ah... so it's finally come to this
Hmm... But was it an accident?
Why is this, mother?

After that, the future is dark.
Why do you not watch it? Are you not curious? What the future will be like...
I... am afraid.
As much as I disgust you, listen to me:
It's best you do not let others see your fear.

Ah- who are you?
I heard the bride's wedding dress was going to be made by your aunt.
What? Who says so? You are mistaken.
I was told by the elders to help your aunt.
I thought the elders were keeping their choice confidential.. although there is talk everwhere
We aren't supposed to speak of it, the ceremony is secret so we don't get many helpers

This is a story from not long after I first came to Water Country
A story about the Water Country when everything was still unfamiliar and excitement was mixed with fear and curiosity

This is the palace where I lived.
You can come see me here whenever you like Soah
Because you haven't lived in Water Country for very long, you need to be careful not to lose your way
Also .. Even if Habaek seems to distance himself from you, don't mind him, it's not just you, that guy gives everybody the cold shoulder

He really is deeply emotional and generous person, he just acts tough on the surface because he's still a kid.
Ok, thanks for the advice Yoh -gee
Hm? Didn't you sleep well?
Ah.. Sorry.. Because this place is still so unfamiliar, I could only sleep lightly, that's why I'm a bit tired but I will get used to it
Actually... I recently heard a secret I can't even tell Yoh -gee
In this Water Country where everything is unfamiliar, there is now something that makes me anxiously await the coming of night

Because when night time arrives
I can then meet with "him"

Ah, Mu!
I didn't think we'd meet here...
I didn't mean to come find you, don't misunderstand me!
Have our idle paths crossed again by chance?
Uhh... I... I was curious – Why are you always awake at night?
Where are you during the day time? I have never seen you during the day, not even once
If you don't want to annoy me, then please go back.

So... Sorry. I don't want to annoy you.
Even though it's like this I still feel that we have become a little bit closer.
Don't leave me, Nabkin
The kiss that time he mistook me for another woman...
Didn't it mean anything to him maybe he doesn't remember it
But... Even though I know it's not like that he was excited because he mistook me for someone else.
It's just that... I want to understand more about Woo - ee. even if just a little bit.

true... As
ee said,
that Mui and
Habaek are the
same person...?
You said that, right? That you won't run away even though you are afraid of Habaek.
Do you still feel the same way?
He doesn't trust anyone, so he gave you the chance to leave. What is your reason for staying by his side?

I've had this thought from when I was little.
If I give birth to a girl, I would name her after either the willow, fujii or the reed flower.
Calling your child Clover, Willow or Reed.. How strange None of them are very beautiful or special in any way.
That's because all three of them bloom beside water.
!!

I have always believed that when I was little, it was Habaek who saved me that time I fell into the water.
So I thought that no matter what happens I won't forget my gratitude for him, to always keep it in my heart.
Even though, the Habaek I met coming here and the Habaek in my imagination are completely different.
Neither a solemn deity nor a horrible beast as the people say he is.
But Habaek sent rain to my village for a nobody like me.
No matter what he looks like on the outside .. He no doubt has the same warm heart as I thought he had long ago

Shojo Mandan
What?
I don't think that's a very good name.
None of your business
I've never told anyone... I can't believe you're laughing at it!
I definitely wouldn't wouldn't name anyone that.
You can name your daughter whatever you like and I will name mine the way I like.
Ah! Don't tell Hakushi!

Lord Habaek
Lord Habaek!!
There's a disaster

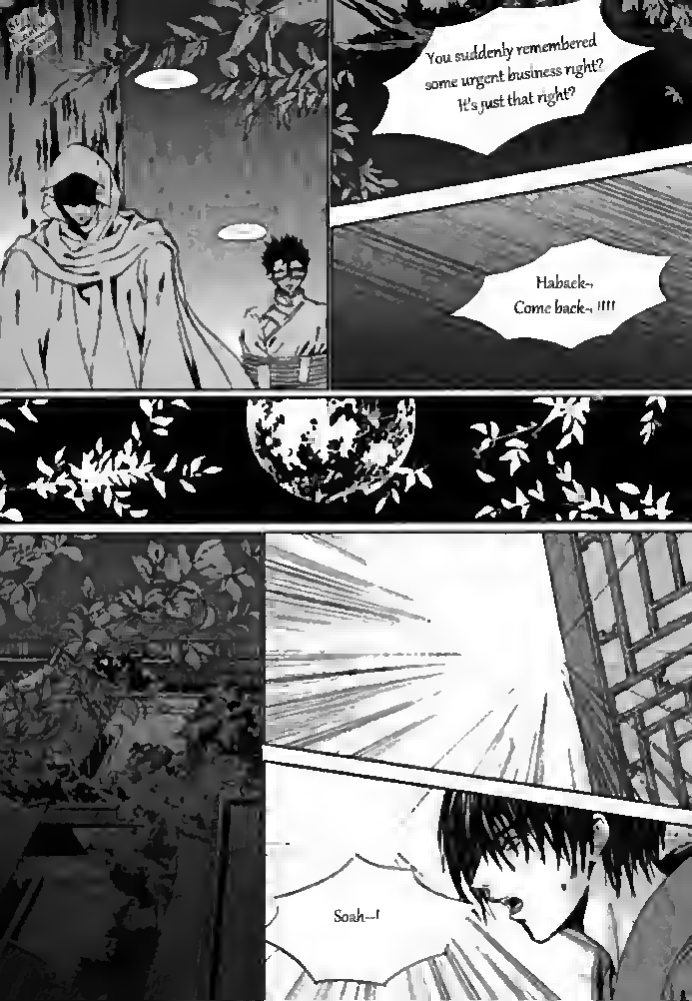
This is not like your style, what are you shouting about?
Uh.. This thing was found in Lord Habaek's bed chamber
If you want to find your precious item, please come to the forest behind the palace. I have no wish to hurt you, so please do bring someone with you
Soh - ee!

I WILL SUMMOM THE GENERAL! PLEASE WAIT FOR THE GENERAL THEN GO TOGETHER WITH HIM!
NO!
KEEP THIS QUIET. THAT'S AN ORDER!
I WILL RETURN IN A MOMENT
AH, PLEASE WAIT LORD HABAEK
Please it should be nothing !
Haha.. To see Lord Habaek in a panic again.
I wonder what this is about.

You really came alone, Lord Habuk
I was only guessing but it seems that that person's existence is really precious to you.

Where is she?
Is she unharmed?
Relax
I haven't touched a hair on her; that person is already packed up and ready
If you agree to come to the celestial palace without making a fuss, I promise I will return that precious person to you unharmed
Where are you going...? If you go I will immediately—
You really came, Hai-nok
Right here

Sorry - I was careless for a moment and got caught.
I believed you would definitely come! You really are my friend!
Kill him!
Where are you going...? If you go I will immediately...



You suddenly remembered some urgent business right? It's just that right?
Haback~, Come back~, !!!!
Soah~!

Mui...
What is it?
Is something wrong?
No... It's nothing...
I was under the wrong impression, but...
What are you too doing?
Ah, General Ho - yee brought a beautiful bird
Thank you Ho - yee
I thought that it wasn't too bad... But it's nothing special

Why is it that... When I hear the phrase "precious thing"... You are the first thing I think off?
This is not like the kind of mistake I would make...
Soah, how did you enter the realm of Water Kingdom?

What exactly Are you to me?
Habaek.. You jerk.
Before I kill the Emperor I'll kill you first!!!

Why do you hide here to cry alone, little one?
My Father... He hates me
He always smiles at my younger sisters, but not once has he smiled at me
That.. Won't do at all... So you hate your Father?
No! I like my Father very much.

Is your Father is the water god Haback?
You know .. Father?
Of course, I know him well
My Father~ He is tall and very handsome!
I've heard that Water Country is the strongest!

Young Mistress -
Miss Tristis
Where are you?
Miss Tristis
Miss Tristis ?
Then you are the willow flower?
Huh? How do you know my name? Mister, who are you?

Yes, what you say is true
As a memento of our meeting, I will tell you a secret; the reason your Father looks so angry when he sees you is because
You look the most like your dead Mother
That's why he could never smile at you after your Mother died.

Ah! Miss Tristis! What are you doing here alone
Young Mistress? Why are you crying? Eh?
I saw this a long time ago this fragment of the future that my Mother foresaw
But the shards of fate were obstructed and have now become only one yet unrealised future out of many
thus is only a stolen glimpse of the trace it left
Young Mistress, let's stop crying now, no?

Just like this...
After this... All of them, one by one...
Slowly...
Shall also become the future I hope for.

The future you hope for will never come to pass!!!

And...
The end
is...!

Why is it so loud in the palace?
Ah, Master Habaek... Miss Tristis has been refusing to come out of her room for a whole day.
It's because someone told young Mistress that Master Habaek hates young Mistress.
?!
Willow Flower
Father -
Is it because Father hates me that he doesn't smile at me?

No
It's not like that
My child -
Don't worry
Because more than
I ever loved your
Mother, that is how
much I love you
now.

Now Lord Habaek feels another kind of strength in his body, replacing the strength water
Now that I see him up close it seems that I am can only be here because of the strength of the Bando!
So my wound healing and ability to call the dragon god are all because of this bando?
But how did I come to possess the bando's strength?

The last bando is in the hands of Woo - Ioh
What did my Mother really tell you to do? And if the strength of the bando within me truly is the stength from the last bando
If it is like this then Soh - ah

Soh - ah definitely knows something ...
Whenever I try to have a serious talk with her
Soh - eh, wait a moment, there's something I have to tell you...
Sorry, Mui, I need to go out right now to do something
I might be home a bit late today. If I am, just start eating without me.
Make sure you remember to sleep, and to spread your blankets properly
Like a Mother's nagging
Ah, shit now Soh - ahs really beginning to see me as a little child.
If I don't do something about this quickly...

I see, it seems that you have already gotten used to living in the likeness of a human.
Since you have already become like this, this kind of life does not seem so bad, does it?
What kind of face is that, Tai - yee?
I have also chosen to become like a human for, once, how is it?
If it is only to this degree, why should we not meet, in harmony with each other?

It is utterly unharmonious, how about you drop your mimicry.
And here I was tinking that you were waiting for me, no? What a pity.
This speedy return of yours, it would seem that it is good news that you bring.
Ah, of course I have the information you asked of me to gather, the location of the goddess of fortune.
She is currently staying in the Celestial Palace

You mean the Emperors Palace?
What do you want to do now?
You mean this was planned by the Emperor?
If you want to see her, you can only go to the Emperial Palace...
I don't know... Perhaps you judge too hastily
I can't even surmount this level of difficulty yet I made a pact to be bonded together with humanity
I will show them the insurmountable love between me and the humans with whom I have covenanted!

I am going to the Emperial palace -
Only there can i find the answer to all my questions... I must go
Even though it has nothing to do with me either way..
But... is it really all right?

It should be okay if I come back soon
It will only be a short good bye.
But.. What is this evil forboding that I feel
Ah, on my way back I felt that the atmosphere of the village was very bad, so I asked around, it seems that there will be a sacrfice to the water god tomorrow
The real water god is right here yet they are going to perform some ritual sacrfice, isn't it funny?

Even though you are leaving Soh – ah here, alone...
It should be all right...

Uh..
Lady
Ah, aren't you Soh - ah? What business brings you here at this hour?
I have come to see the mayor, I hope that's alright?
The mayor? What is it?
About tomorrow's sacrifice to the water god, I have important things to say to him.
Please, I must speak with him personally.

Where have you been?
Mui--!
It is already very late, what were you doing?
Were you waiting for me?

I had something I wanted to say So I waited for you.
Something you wanted to say?
I think I've found a way to change back to the way I was
Really? How?
Just a while ago I was found by Tat - yee
Lord Tat - yee? Did he have business here...?

Actually Tai - yee has already decided to help me. I will leave this place temporarily with him.
I hope to be back as soon as possible so I am leaving immediately, tomorrow... You'll be okay without me, right?
You don't need to worry about me.
Sorry about leaving you here, I will come back as soon as possible
Yes, I will always wait for you.
Come back safely Mu.

...Soh - ah?
What's wrong?
You're acting like we will never be able to see each other again...
It's only a temporary separation.

Promise me you won't do anything dangerous because of me.
Stupid, don't worry I'm not going anywhere dangerous.

Good bye

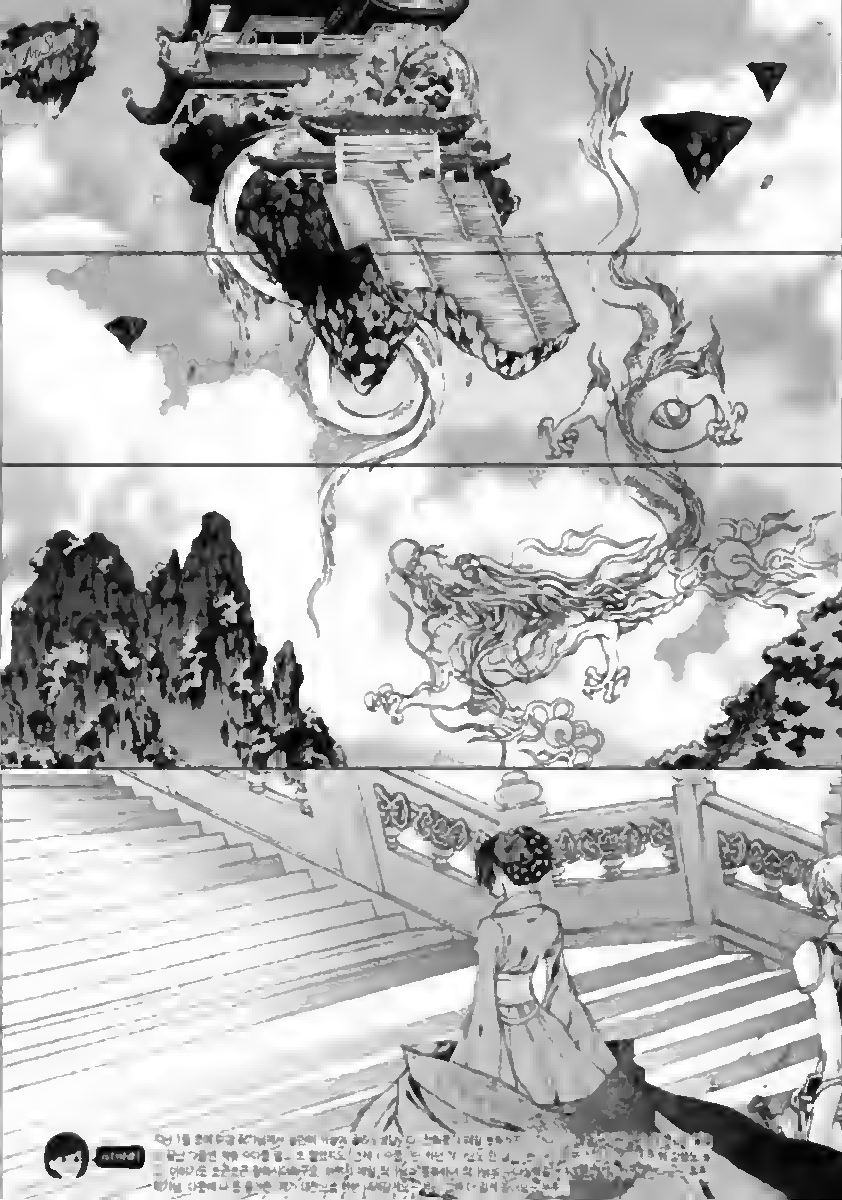
.....
두둥
두둥
두둥

Where is that drumming coming from?
Still don't know? This guy What a clam-
Because this time the sacrifice is being made in utmost secrecy
Today is the day the sacrifice will be made to the water god.
Even the identity of the bride is a secret.

You said you have something to say about the sacrifice to the water god?
Speak.
Isn't the sacrifice you are going to give this time my sister? My Father sold me, now he is selling my sister, no?
This time it's not giving the water god a bride... No, not a bride, a sacrifice.

I don't resent you
But please tell me everything, according to the truth. I have already heard about this from Miss Woo - hui.
I don't know where you received your information, but there seems to have been a mistake.
But the condition Woo - hei conveyed to you about your Father was correct.
Even though I don't know what Woo - hui said, but it isn't the truth.
Your Father refused
He said he would lose face if he was left to face his family.
Saying that we would have no need of increasing our payment.
How... How can this be... Miss Woo - hui definitely said... And... In the slight possibility that what she says is true, what about the bride dress? They said that it was measured for a child.

Nevertheless we have no intention of offering a living person this time.
But if we do nothing, the villagers will be restless.
Even if we used a scarecrow we have to put up a semblence. It is to settle the hearts of the people.
I am very sorry to have to say these things to you who was once offered as the bride, but I also hope you can understand my choices back then when the drought was destroying the village
Now that you know, please return to your home in peace.
I have a request, Mayor. This time, this sacrifice, Let me be the bride..



Please
Your Majesty.
The Queen Mother
of the East is here
to see him.
Your Majesty, The Queen
Mother of the East requests
audience. What should we
do?
What a surprise
You came, not seeking
the Emperor, but me
Am I right?
Queen Mother
Even though I knew you
would come to me,
But I never thought you
would march so boldly
through the front door
I should give you a gift in
return for you courage

Mother
You are always welcome, Queen Mother of the East. It must be something urgent for you to personally grace these courts with your presence.
You are interfering need lessly, Er - lang. Interfere any further and even you will not be forgiven.
Now, shall I first introduce myself I am the one who cursed your son. And changed hum into a human, I am the goddess of fortune.
Please release your curse on my son.
Every moment is precious for me so I shall cut to the chase.

But you came here, despite the danger For the sake of your love. I will think about it.
Why should that please me? I want to be human... The one who begged this of me was your son.
But, if I do this for you What will you give me?
My life.

Whatever
It seems that this deal will not be made as I have not the slightest interest in possessing your life
If that's so. I know the reason why your husband the Weaver chose death. Is this sufficient to deal with you?
Ha! Now you wish to trick me with such nonsense? I don't know where you gained your knowledge, but he didn't choose death. He died by my hand
No
It was his choice.

To die by your hand...
It's true. I heard these words from himself before he died.
화아
과아

The Weaver came to see me before he died.
How about you decide what you will do after you have heard what I have to say?
Hmf! I have no interest in what you have to say.

I will listen.
..All right.
But if you are lying to me
Though you are the goddess of death. I will take your life from you right where you stand.
쏴아 아아...

둑둑둑
둑둑둑둑…둑둑…
Are you sure you want to go through with this?
Yes
It is my will and my decision.

Last night.
Your words
Were they really the
truth?
Yes.
I am not a sacrifice
being offered.
I was the bride of the water
god I am only returning to
Water Country So nothing
could go wrong
In order to keep my
agreement with the
Queen Mother
The only road that
fulfills all the
conditions is this one
Also If I go back. There
would be no longer be a
need for any more brides
to be offered in the future

Finally,
My family
I leave them to you.
Of course,
I will keep my side of the
agreement and let them
go in peace.
Thank you,
Mayor.
Lord Habaek.
Hear our prayers.
Hear our prayers.
둥
둥
둥
둥
Here we offer to you.
Lord Habaek's Bride.
May you calm your wrath
And bless us

The barrier established
to stop all the brides
who are not Nabkin.

Perhaps this time I
also Will not be so
fortunate

Even if it is like that. This is the only thing I can do
To both keep my agreement with Queen Mother of the East and also my obligation towards Orabon
Actually I must have just had a very long dream all this time?
The first time I was sacrificed to become Habaek's bride. Maybe I fell asleep and now I am waking up from it
Water Country. Habaek... Mui... Everything was part of my dream

What are you standing there thinking about, Habaek. Weren't you the one who said to walk faster?
And you said that the time is already prolonged because you now have the form of a human child.
It's still not working.
What? What if that supposed to mean.
HABAEK?!
I have a really bad feeling!

What?! You mean the bride of water god's sacrifice is Soh - ah?!
What do you mean?
WHERE IS FATHER?
STOP THE SACRIFICE IMMEDIATELY!
It's already too late if you go now, brother. I heard that the sacrifice has already been made.
Where is Soh - ah?
?!

FATHER!!
?!
How could you do this? To send her as the sacrifice twice!
I was only honoring a choice made to protect the children of the village. I have no wish to argue with you on this.
Was it really for the village? You do not even believe in the existence of the water god.

Worthless piece of trash! You will understand your Father's heart once you've sat in my seat
Do not make a grave mistake because of a woman. Go back!
What do you think now
If we give chase by ship. We can catch up. I will catch up with her and bring her back.
Please wait here Lord Habaek.
You can't do anything for her the way you are now.
That is why Soh - ah didn't expect anything from you and left on her own. You don't have the right to be her husband.

쏴아아아
Then.
As the form of Haback
As her husband.
Do I now have the right to
go rescue her?
...Right?
